Attention: Lewis County Board of Commissioners;

Re: George and Judith Redden

PO Box 761
Toledo, WA 98591

Dear Sirs,

We were one of the original land owners who, previously, opposed our property being re-zoned as industrial. We led the drive to get others who were of like mind to sign our petition, which was then presented to you.

By the same token, we now ask to be excluded from our property being re-zoned as commercial. Please make certain that we are excluded from the Economic Development Urban Growth Area. We would appreciate some sort of written communication from you, indicating that this request has been carried out.

Sincerely,

George A Redden
